

My name is Surendra Reddy. My brother's name is Anji Reddy and my father's name is Venkataswara Reddy. I am currently in the final year of my Bachelor of Technology (B.Tech) degree. During my education, I focused on artificial intelligence development and worked on several projects including AI chatbots, voice assistants, and AI video generators. I have also completed an internship from January 6 to June 30, 2025, where I built systems like an AI chatbot, a voice assistant, and an automated video generator. In my college projects, I worked with Java, including Spring and JSP technologies.
